Welcome to Fayetteville!

With 120 miles of paved and single-track trails inside the city limits and thousands of miles of gravel and single-track waiting just outside of town, Fayetteville boasts an extensive trail network and is the only UCI-designated Bike City in America. Beyond the trail, you'll discover why locals say Fayetteville is our Favoriteville. More than 360 restaurants, bars, and coffee shops await you. And live music is around every corner, from the venerable George's Majestic Lounge to small venues around town. We hope you'll make a stop in downtown Fayetteville for Lights of the Ozarks, a wonderland of twinkling lights on the Historic Downtown Square. Wherever your Fayetteville visit takes you, we hope to become your Favoriteville, too!

CALL-UP PROCEDURES

When rankings are used in the call-procedures, the following dates will be used:

- UCI Rankings as of publication – Tuesday, December 8, 2026
- USAC Rankings** as of 8:00 AM CT – Tuesday, December 8, 2026

***Riders must be pre-registered by the initial close of BikeReg online registration to be included in the Call-up procedures using their rank. Any rider registered after this time will be called up randomly at the end.*

Any questions about call-ups should be directed to the Race Secretary on-site, located at registration.

Category	Procedure for Call-up Order
Elite U23 Junior 17-18	Pre-registered riders will be called to the start line in the following order: 1. Defending national champion 2. UCI rankings 3. USAC rankings 4. Unranked riders in random order <i>Riders without UCI rankings, who register after pre-registration closes on BikeReg will be called up at the end.</i>
Junior 11-16	Pre-registered riders will be called to the start line in the following order: 1. Defending national champion 2. Aged-up national champion 3. Previous year's podium for the age group (2nd-5th) 4. USAC rankings* 5. Unranked riders in random order <i>Riders who register after pre-registration closes on BikeReg will be called up at the end.</i> *Any Junior 15-16 athlete that is a United States citizen with a USA

NATIONAL CHAMPIONSHIPS

CYCLOCROSS | FAYETTEVILLE, AR
DECEMBER 9–13, 2026

	Sporting Nationality and holds a current UCI/international license issued by a recognized foreign federation may submit a petition for inclusion in the call-up order. To be considered, petitions must be received no later than November 30 using this LINK. <i>Petitions submitted after the deadline or for other groups will not be accepted</i>
Masters Singlespeed Non-Binary/Open	Pre-registered riders will be called to the start line in the following order: 1. Defending national champion 2. Aged-up national champion 3. Previous year's podium for the age group (2nd-5th) 4. USAC rankings 5. Unranked riders in random order <i>Riders who register after pre-registration closes on BikeReg will be called up at the end.</i>
Youth (6-10)	Riders will be called to the start line in the following order: 1. Defending national champion 2. Previous year's podium for the age group (2nd-5th) All remaining riders will be called to the start line in random order
Collegiate	Pre-registered riders will be called to the start line in the following order: 1. Defending national champion for the race. 2. Conference omnium champion or conference champion as determined by each conference director, in a random order. In the event a team has the previous event national champion and the current conference champion, that team's conference champion will be called up last in the wave of other conference champions. 3. One rider per team, called one team at a time in the order of the previous event's team omnium from the national championship in question. Any team with a rider called up in section 1 or 2, will be skipped in the first round. If a team has a rider in both sections 1 & 2, they will be skipped, once again in

	the second round. Teams that did not attend the previous event shall be called up after all other teams have been called up in a random order in the same order each round. 4. Step 3 is repeated until all riders have been staged. Any protests or questions about collegiate call-ups can be directed to Vanessa Drummond – vdrummond@usacycling.org.
--	---

PULLING OF RIDERS

Riders deemed out of contention may be pulled by the commissaires according to the UCI or USA Cycling regulations.

Category	Procedure for Pulling Riders
Elite U23 Junior 17-18	The UCI 80% rule will be applied during these races.
Junior 11-16 Collegiate Masters Singlespeed Non-Binary/Open	To respect the competitive efforts of participants for their National Championship titles, fields with more than 75 starters will implement the 80% USA Cycling regulation 4H1(c), whereas riders who are predicted to be lapped by the leaders in their next lap will be pulled and placed according to their position at the pull point. Fields with 75 or less starters will implement the Target Finish Bell allowing riders to stay on course as long as possible, and finish within the time allocated for the race. See USA Cycling regulation 4H1(d) for further clarification. Both methods above assure an accurate placing for any rider pulled or finished early while allowing riders in contention for the National Championship titles to race without the potential disturbance of passing lapped riders.
Youth (6-10)	Riders will be allowed to be lapped and will finish on the same lap as the race leader and placed appropriately.

PIT BOX ALLOCATION

Pit boxes will be randomly assigned by the commissaires and USA Cycling for Elite, U23, and Junior 17-18. Consideration will be given for teams/shared mechanics and riders on the same team, based on information provided at the time of pre-registration.

Teams and support staff may drop equipment in a pit box once all riders in the prior races have cleared the pit on the last lap.

PIT Passes

Category	Required	Number	License
Elite and U23	Yes	2 per rider	UCI Support
Junior 17-18	Yes	2 per rider	UCI Support
Collegiate	Yes	Up to 5 per team	USAC License
All Others	NO	n/a	n/a

Passes must be obtained at the registration area of the venue. Passes will be a color coded wrist band bases on the category listed above. Wrist bands must be worn and are non-transferable.

Holders of pit passes must be present to receive the wrist band.

For those categories not listed above, pit boxes will be available first come, first serve.

POWER WASHERS

- The power washers in the pit are exclusively for the use of the currently active race.
- The use of personal power washers in the pit is prohibited.
- Two power washers will be designated for the top 10 riders in the UCI categories. Depending on field sizes, this may be implemented on race day for other categories.
- Bike wash areas are available for outside of active competition use. Please see the venue map for location.

NEUTRAL SUPPORT

Available in the pit for in-competition support only. Located adjacent to the race course/team parking for out of competition support. **Provided by ELITE Racing Services!**

NATIONAL CHAMPIONSHIPS

CYCLOCROSS | FAYETTEVILLE, AR
DECEMBER 9-13, 2026

REGULATIONS

Elite U23 Junior 17-18	UCI Regulations: Effective January 1, 2026, the UCI implemented a minimal handlebar width. Please review this link for additional information if needed.
Collegiate Masters Singlespeed Non-Binary/Open	USA Cycling regulations. Traditional cyclo-cross bike with maximum 38mm tire width. Must pass the tire width check at staging. Flat bars, spiked tires, or studded tires are not permitted.
Junior 11-16 Youth 6-10	USA Cycling regulations. No forward pointing handlebars or bar ends. Spiked or studded tires are not permitted. No other bike restrictions.
Bib Numbers	Riders must display at least one bib at all times during course practice sessions. All coaches pre-riding on the courses will be required to sign a waiver and pick up a "coach" plate at registration. Plates must be displayed on bikes at all times.
Radios	While riding in training or competitions, riders may not use radios, telephones, or other communication devices. No earpieces may be worn. Audio playback devices are forbidden.
Helmets	All riders are required to wear a securely buckled helmet when on a bike, per rule 1J1.

RESULTS PROTOCOL & AWARDS CEREMONY

Live timing and unofficial results will be available online [HERE](#).

Results will become final once the chief judge has signed off on them. Riders may protest results for up to 15-minutes after they are posted. If no protests are made, they will become final for awards. In addition, the final results will be posted to the USA Cycling website before the end of the event.

Medals will be awarded to the top 5 finishers in each Amateur and Collegiate event and to the top 3 finishers in the UCI categories (Elite, U23, Junior 17-18). Collegiate team omnium standings will be determined for both Varsity and Club Teams and awarded to the top three teams within those categories. A National Champion's jersey will be presented for all categories with at least one official finisher. Awards will be presented at scheduled ceremonies, please pay attention to the timeline for the proper time of your award ceremony.

All riders required to participate in the awards ceremonies at USA Cycling National Championships must report at the appropriate time and shall appear wearing only team/club racing clothing identical to that worn in the competition unless stated otherwise in the technical guide for the event or noted below. Competition clothing is defined as: racing kit, cycling or athletic shoes. Headwear may be worn for warmth, provided it is team or sponsor issued. Unattached riders may only wear uniforms that display manufacturers' logos. After official presentations, athletes are free to have photographs taken with hats and other forms of headwear, glasses, bicycles, etc.

Under no circumstance, shall a rider wear a prior National Champions jersey to the podium for the presentation.

TEAM PARKING - TEAM VEHICLES

If you are a team of 1, with only one vehicle or a larger team with multiple vehicles and would like to purchase your own personal team space, please visit the link below:

https://eventhub.net/events/2026-USA-Cycling-Cyclocross-National-Championship_7848

- Space sizes are limited. We will do our best to accommodate your needs, but if space runs out, sales will be closed and no other accommodations will be available.
- Shore power will not be provided by the event.
- Please plan on providing your own power source for your team site.
- All generators may be run between 8:00 am and 8:00 pm

Questions: Please contact - Justin Evans: Jevans@usacycling.org

GENERAL PARKING

Public or Spectator/General parking will be available on a first come first serve basis. There will not be a cost for this parking. Once the parking areas are full, you will be directed to park down the mountain to alternate parking areas and may have to take a shuttle back up to the race course and venue.

SEVERE WEATHER GUIDELINES

When looking at weather conditions, the safety of the athletes, spectators, staff, and volunteers is the utmost priority. While often providing an additional challenge, adverse weather in its extremes may result in hypothermia, heat exhaustion, or other dangerous conditions. In preparation for the upcoming Cyclo-Cross National Championships, USA Cycling and our host, Experience Fayetteville, have created the following plan to help mitigate any weather-related risks while respecting the unique racing conditions of the sport.

In the case of severe weather, the following panel will be empowered to make decisions regarding the conduct of the race(s):

Tim Hopkin—Race Director

Karla Gendler —President of the Commissaires Panel (PCP)

Tyler Wilson —Local Organizing Committee, Experience Fayetteville

Kyle Knott —National Events Director, USA Cycling

EVENT—CONVENING THE PANEL

This panel would be immediately convened under the following circumstances and will refer to the “Crisis Communications Plan.”

- A NOAA special weather statement is issued for the race venue.
- Severe cold/heat and/or wind anticipated within 72 hours.
- Freezing rain, heavy snow or other threatening precipitation is forecast.
- Other atmospheric conditions that could affect the health and welfare of athletes, spectators, staff, and volunteers.
- Road/Trail conditions, travel and transportation to and from the venue, poses danger to volunteers, staff, spectators, or athletes.
- Other onsite events, such as a major medical incident or protest.
- Any member of the panel would also be empowered to request that the group convene based on conditions out-side of those mentioned above.

ACTIONS

The following actions may be taken based on the forecast and conditions:

- No direct action/monitor situation
- Modification of the course
- Change of start times (e.g. later starts when warmer or precipitation has stopped)
- Combining of classes and categories

- Shortening of individual races
- Change of start date
- Cancellation

In addition to the above actions affecting race participants, the following actions may be considered in relation to spectators, staff and volunteers:

- Increased medical staffing
- Warming/cooling areas provided
- Decrease in shift times/exposure

These lists are not exhaustive, and may be used in combination or separately on different days or at different times.

COMMUNICATIONS PLAN

Status updates, and if needed, revised schedules, will be communicated to the affected parties through a variety of methods:

- Posting at the venue at pre-designated notice areas.
- An e-mail and/or text message update will be sent directly to registered athletes/participants by USA Cycling
- USA Cycling will utilize its social media platforms to provide outreach to spectators and volunteers, participants
- Venue announcements will be used in the case of on-site modifications and notifications, using Public Address System and posted materials at Race Office/Awards Stage.
- Credentialed media will be provided with updates through USA Cycling communications staff

Event Information - Doping Control

This event is subject to doping control. All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA), World Anti-Doping Agency (WADA), and/or the International Federation (IF) under an in-competition testing program. This section is intended to give an overview of the key points relevant to this program and the testing that can be conducted at the event.

What substances are prohibited?

As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti-Doping Agency Prohibited List. It's important that athletes are aware of the substances and methods on the [Prohibited List](#), as an athlete subject to testing is responsible for any prohibited substance found in their body, regardless of intent.

It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during the competition period. In some cases, some substances are only prohibited in a certain sport.

What about medications?

Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to check the status of an athlete's medication is to use USADA's [Global DRO](#) service, which allows athletes to search for generic and name brand products, as well as specific ingredients. Given that the Prohibited List changes each year and medication formulations can also change, it's important for athletes to regularly check the status of their medications.

It's also important to understand that dietary supplements are not medications. They are regulated and manufactured differently, which means that USADA is unable to provide guidance on the safety and efficacy of specific dietary supplement products. If an athlete chooses to use

dietary supplements in spite of the risks, athletes can reduce their risk by using only third-party certified products. For more information, visit USADA's [Supplement Connect](#) resource.

Athletes or their support team can also speak to an expert by phone during business hours by calling (719) 785-2000 and selecting option 2.

What if I need to take a prohibited medication?

In some situations, an athlete may have an illness or condition that requires the use of a medication listed on the World Anti-Doping Agency's Prohibited List. A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. TUE requirements also vary based on the competition level of the athlete and nationality.

If an athlete is diagnosed with a medical condition requiring treatment with a prohibited substance or method, they should **apply for a TUE as soon as possible, but at least 30 days prior to an event or competition**. U.S. Athletes interested in obtaining a TUE should visit USADA's [TUE page](#). International Athletes should contact their National Anti-Doping Organization if they are a national-level athlete, or their International Federation if they are an international-level athlete.

How will I be notified of testing?

This drug testing program allows for athletes to be selected for testing at a competition (in-competition testing) without any advance notice. Athletes will be notified of their selection for doping control by a Doping Control Officer (DCO) or a notifying chaperone. At the time of notification, the athlete will be informed of their rights and responsibilities during the sample collection process and will be asked to provide photo identification.

What does the sample collection process include?

Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet as safe and comfortable for the athlete as possible. Understanding the processes, as well as an athlete's rights and responsibilities, can help to make the sample collection process less intimidating. For example, athletes will be required to provide a urine sample of 90 mL under direct observation

of a DCO or a witnessing chaperone of the same gender. There are additional considerations for minor athletes and athletes with impairments. Most notably, minor athletes are encouraged to be accompanied by a representative of their choice.

Learn more about the sample collection processes [here](#).

What if an athlete is returning to sport from retirement?

Under the rules, athletes who were previously eligible for out-of-competition (no-advance-notice) testing before [officially retiring](#) have a six-month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Cycling sanctioned events or UCI sanctioned events. If you have an athlete in this situation, please email AthleteConnect@USADA.org.

Additional Resources

Athletes can also visit USADA's [Anti-Doping 101 page](#) to find more important information for athletes, coaches, family members, and other athlete support people.

Welcome to USA Cycling Cyclocross National Championships! We are excited to have you participating with us and we want to remind you that athlete safety is of the utmost importance to USA Cycling.

To help create and foster a safe environment that is free from misconduct and abuse at all USA Cycling events, please review USA Cycling's Safe Sport Program [Policies](#), including reporting [requirements](#) and the Minor Athlete Abuse Prevention Policies ([MAAPP](#)). All Participants at USA Cycling sanctioned events must abide by these policies.

Prohibited Conduct

All Participants at this event are expected to refrain from engaging in Prohibited Conduct as defined by the US Center for SafeSport [Code](#). Prohibited Conduct includes but is not limited to the following: sexual misconduct, emotional misconduct, physical misconduct, bullying, harassment, hazing, and violations of the MAAPP.

MAAPP

These policies have been adopted by USA Cycling to establish clear boundaries between participants in cycling and to reduce isolated one-on-one interactions between minors and adults in cycling and apply during all USA Cycling events, including **before, during and returning from the event**. Please familiarize yourself with USA Cycling's [MAAPP](#).

Reporting Requirements

Adult Participants are required to report violations of USA Cycling's Safe Sport Program, including violations of the [MAAPP](#). The mandatory reporting requirements apply to Adult Participants, but USA Cycling encourages anyone who becomes aware of, or experiences misconduct or abuse, to report those allegations. While USA Cycling is committed to providing a safe environment for all participants, the organization can't address behaviors or problems it is unaware of, so your engagement in reporting is instrumental in ensuring safety for all.
