## Communiqué #2

### 1. Enduro Global Ranking

#### MODIFICATION TO PREVIOUS ANNOUNCEMENT

According to the Mountain Bike World Series guidelines, riders who wish to earn Enduro Global Ranking Points must complete the same course as the Elite/Pro 17+ category. After discussions with the World Series organization, USA Cycling, and venue staff, an exception has been made to allow riders registered in the Men's/Women's 17-18 category to complete the 4th (Pro Only) stage, for time only, in addition to the 5-stage event. This stage will be timed for the purpose of ranking within the Enduro Global Ranking, but it will not affect the onsite competition results. It will only be included in the submitted "global ranking" results.

#### Important Instructions:

- **Order Requirement:** The 4th stage **must** be completed in order, between stages 3 and 5. If completed out of order, it will not be considered in the file sent to the Mountain Bike World Series organization.
- **Registration:** If you are a 17-18 Male/Female interested in this option, you must inform registration by the start of the Enduro competition at 8:00 AM on Saturday.
- **License Requirement:** A UCI International License is required to be eligible for global ranking points.
