

Domestic Elite Team Application

DET Benefits:

- Includes registration as a USA Cycling Club, a \$210 value.
- One UCI Support license for the team manager/director (a \$210 value) will be comped.
- Eligible to participate in the [American Criterium Cup](#).
- Eligible for consideration as a team for the [NCL Race Series](#).
- Eligible for entry into the qualification process for select National and International events (Subject to maximum team size and nationality requirements of the event).
- Inclusion in *Pro Road Tour (PRT)** rankings which will be used for invitations to the US Pro Road Championships.
- Eligible for a team car in the caravan at US Pro Road Nationals (if selected for entry).
- Eligible for a team car in the caravan at U23 Road National Championships. Preference over non-UCI/DETs.
- Listing on team contact list for PRT, ACC, NCL, and UCI races.
- Listed online and in materials sent to races and race directors requesting team information from USA Cycling

Application Process:

Registration of Domestic Elite teams will end on December 15. Teams approved as a DET will be notified no later than December 31.

Teams not registered by the above date may still be considered for DET status with the following exceptions:

- A late fee of \$150 will be added to the team's registration fee.
- If selected for DET status after the registration deadline, the team will not be eligible for consideration for selection to the Pro Road National Championship but may still earn points in the Pro Road Tour (name subject to change) ranking system.

Team Composition:

All teams applying for Domestic Elite Team status are subject to the following:

- Teams may register up to 15 riders per team, per gender. The minimum team size still is four riders for a specific gender.
- All riders listed on the roster must meet the required category restrictions at the time of the application. Men: Cat 1; Women: Cat 1/2. No age restrictions.
- 50% of the riders on a team's roster must be USA citizens with a USA sporting nationality. If a team is registering both a men's and women's team, 50% applies to both genders. Foreign riders listed on the roster must be current in the UCI DataRide system, indicating they hold a current license with their country's federation.

Addition of Riders:

Once an application is received, riders may be added to the roster by completing the Add Rider form. The fee for each occurrence is \$25. All riders added to the roster must still meet the team composition guidelines as it pertains to category, sporting nationality, and number of riders.

Riders added after March 31 will not be considered eligible for US Pro Road Nationals, regardless of whether the team was selected to participate.

Foreign Teams:

Foreign UCI Continental or the equivalent of a DET, must register with USA Cycling as a DET to be eligible for *Pro Road Tour (PRT)** rankings.

Team Managers:

Each team must have a designated team manager that meets the following criteria:

- Team Managers must be current on SafeSport training at the time the DET application is received. SafeSport training is required every year.
- Team Managers must have a current Criminal Background Check through USA Cycling at the time the DET application is received. CBCs are good for two years.
- Team Managers must have a UCI ID. If a UCI ID is not listed on their USAC account, they must provide proof of citizenship (current passport or birth certificate) to complete the requirements for the UCI Support License.

To verify expiration dates of SafeSport and/or the Criminal Background Check, Team Managers should log on to their USA Cycling account and go to the Membership tab where they will find an expiration for each under SafeSport and Background Check. If either is needed, click on the renew link. Please note, the background check will take 3-5 days to complete.

**Pro Road Tour (PRT) name subject to change*
