USA Cycling Sports Performance staff are responsible for applying the respective selection criteria set forth herein, subject to the approval of the [Selection Committee](#).

Maximum Quota Positions:

Men: Up to two (2)

Level 1 Funding

1. Any athlete placing in the top twelve (12) at a UCI Freestyle Park World Cup event between January 1, 2025 and August 2, 2025 will be nominated to the Team.
 - a. If more athletes meet this criterion than available quota positions, the athlete with the highest placing will be nominated first, the second highest placed athlete will be nominated second, and so on.
 - b. If two or more athletes achieve the same placing, the athlete with highest UCI Elite Individual Ranking as of Aug 2, 2025 will be nominated first, the second highest ranked athlete will be nominated second, and so on.
2. If quota positions remain after considering the preceding criteria, the two (2) highest-ranked athletes in the UCI BMX Freestyle Elite Men and Women Individual rankings as of August 2, 2025, will be nominated to the Team.

Level 2 Funding

3. If quota positions remain after considering the preceding criteria, athletes may be nominated to the Team through discretionary criteria.

DISCRETIONARY SELECTION PROCEDURES

If after application of the Objective Criteria above, additional quota positions remain, USA Cycling may, but is not required to, nominate athletes to the Team through discretionary criteria. The following criteria are considered in priority order, with all quota positions being filled through Criterion 1 first, then 2 if

positions remain, and so on.

1. Medal Capable Athletes – USA Cycling may nominate Medal Capable athletes to the Team. A Medal Capable athlete has clearly demonstrated the ability to produce a medal winning result in the competition for which the athlete is being selected by achieving one of the following criteria:

- Winning a medal (top 3 finish) in the past 24 months at the UCI BMX Freestyle Pan American Championships, World Championships or Olympic Games and demonstrating the continuing ability to perform at that level or higher based on results and performances in World Cups in the past 12 months; or,
- Beating the 2024 UCI BMX Freestyle Pan American Championship, World Championship or Olympic medalists or the current top-ranked UCI Elite athletes in World Cup Competition on courses similar to the event that the athlete is being selected for on multiple occasions in the past 12 months.

2. Future Medal Capable Athletes - USA Cycling may nominate Future Medal Capable athletes to the Team. A Future Medal Capable athlete has the potential to produce a medal-winning result within three years at the event they are being selected for. This is demonstrated through a recent trend of improvement in key performance indicators outlined in the Data to Support Discretionary Selections in World Cups or training.

3. Best Predicted Finish – USA Cycling may nominate athletes to the Team based on Best Predicted Finish. USA Cycling will determine which athlete or athletes it predicts will finish highest in the event for which they are being selected using Data to Support Discretionary Selections. This forecast aims to provide an evidence-based estimate of the athlete’s final standing.

Data to Support Discretionary Selection Criteria

USA Cycling considers data useful when making discretionary selections. USA Cycling can consider the following datapoints (but does not have to consider all of them):

For all criteria (in no particular order):

- Difficulty (refers to not only the tricks performed but also the placement of the tricks within the course and the combinations used)
- Height (amplitude of the tricks performed)
- Flow
- Originality (tricks and lines) and versatility
- Style
- Progression
- Variety of tricks (refers to a good mix of standard airs, rotations, grinds,...)
- Risk factor
- Landings
- Use of the course
- Execution
- Coachability
- Ability to enhance team chemistry

For choosing between two or more athletes under the same criterion (in no particular order):

- Competition results in Top Level Competitions
- Head-to-head competition results
- Sport Performance staff's assessment of an athlete's ability to meet the performance demands of the course and Protected Competition
- Sport Performance staff's assessment of an athlete's ability to meet the performance demands required to execute USA Cycling's strategy or competition plan

OTHER CONSIDERATIONS FOR PARTICIPATION ON THE TEAM

1. Athletes who are eligible for selection to the Team will be contacted by USA Cycling by phone and/or email the week of **August 25th** of their (non)selection. Selected athletes must commit to a position on the Team within 72 hours from notification by USA Cycling or they may forfeit their place on the Team.
