**EVENT SELECTION STRATEGY**

The primary objective of USA Cycling’s U23 MTB XCO event selection strategy is to select athletes who are assessed as Medal Capable or Future Medal Capable at the World Championship level. Selection decisions will prioritize athletes who demonstrate the performance level, consistency, and competitive readiness required to contend for podium outcomes now.

The secondary objective is to identify and select athletes with the potential to be internationally competitive and finish within the top 30 at the UCI Mountain Bike World Championships. This assessment will be based on

objective performance indicators, including top 30 percent finishes\* at UCI European Junior Series races or similar.

*USA Cycling may opt to not fill all available quota spots.*

\*A finish in the top 30 percent is defined as an athlete's placing divided by the total number of athletes who are scored on the results sheet and given a final placing and therefore did not record a DNF or DNS. Finishers who are scored on the results sheet as defined does not indicate whether the rider finished on lead lap. It includes all riders who finished the race, regardless of the lap they finished on.

### **FINANCIAL RESPONSIBILITY**

**Level 1:** USA Cycling will provide one economy class, single destination airfare, which includes up to 3 pieces of luggage: up to two bikes or one bike and one wheel case, plus one suitcase each under 50lbs (excess weight or additional bag charges are the responsibility of the athlete). *USA Cycling may choose to not fill quota positions.*

#### **A. OBJECTIVE CRITERIA**

The following criteria are considered in priority order with all quota positions being filled through Criterion 1 first, then through Criterion 2 if quota positions remain, and so on.

#### **Funding Level 1**

1. Any athlete placing in the top fifteen (15) at the 2025 World Championships in the same event and category will be nominated to the Team.

- a. If more athletes meet this criterion than available quota positions, athletes will be nominated in order of placing, with the highest placed athletes nominated first, the second highest placed athlete nominated second, and so on.
- 2. Any athlete who places in the top three (3) at a European round of the 2026 UCI Junior Series between the dates of January 1, 2026, and July 14, 2026, will be nominated to the Team.
  - a. If more athletes meet this criterion than available quota positions, the athlete with the highest placing will be nominated first, followed by the athlete with the next highest placing, and so on.
  - b. If two or more athletes have achieved the same highest placing, the athlete with the highest UCI Individual Junior ranking as of July 14, 2026, will be nominated first, the athlete with the second highest ranking will be nominated second and so on until all quota positions are filled.

## **Funding Level 2**

- 3. If quota positions remain after considering the preceding criteria, any athlete who places in the top 25% of finishers\* at a European round of the 2026 UCI Junior Series between the dates off January 1, 2026, and July 14, 2026, will be nominated to the Team.
  - a. If more athletes meet this criterion than available quota positions, the athlete with the highest UCI Individual Junior ranking as of July 14, 2026 will be nominated first, followed by the athlete with the next highest ranking, and so on.
- 4. If quota positions remain after considering the preceding criteria, the winner of the 2026 USA Cycling MTB Junior XCO National Championship, provided the race is held in its entirety and run under UCI regulations, will be nominated to the Team.
- 5. If quota positions remain after considering the preceding criteria, athletes may be nominated to the Team in accordance with USA Cycling's Discretionary Selection outlined below.

\*A finish in the top 25 percent is defined as an athlete's placing divided by the total number of athletes who are scored on the results sheet and given a final placing and therefore did not record a DNF or DNS. Finishers who are scored on the results sheet as defined does not indicate whether the rider finished on lead lap. It includes all riders who finished the race, regardless of the lap they finished on.

## **B. DISCRETIONARY CRITERIA**

If after application of the Objective Criteria above, additional quota positions remain, USA Cycling may, but is not required to, nominate athletes to the Team through discretionary criteria. The following criteria are considered in priority order, with all quota positions being filled through Criterion 1 first, then 2 if positions remain, and so on.

- 1. **Medal Capable Athletes** – USA Cycling may nominate Medal Capable athletes to the Team. A medal capable athlete has clearly demonstrated the ability to produce a medal winning result in the competition for which the athlete is being selected by winning a medal (top 3 finish) in the past 24 months at the World Championships and demonstrating the continuing ability to perform at that level

or higher based on results and performances in World Cups or UCI Junior Series in the past 12 months.

2. **Future Medal Capable Athletes** – USA Cycling may nominate Future Medal Capable athletes to the Team. A Future Medal Capable athlete has the potential to produce a medal-winning result within three years at the event they are being selected for by demonstrating a recent trend of improvement in key performance indicators outlined in the Data to Support Discretionary Selections in World Cups, the UCI Junior Series or training.
3. **Best Predicted Finish** – USA Cycling may nominate athletes to the Team based on Best Predicted Finish. USA Cycling will determine which athlete or athletes it predicts will finish highest in the event for which they are being selected using Data to Support Discretionary Selections. This forecast aims to provide an evidence-based estimate of the athlete's final standing.

#### **Data to Support Discretionary Selections**

USA Cycling considers data useful when making discretionary selections. USA Cycling can consider the following datapoints (but does not have to consider all of them):

For all criteria (in no particular order):

- Times on courses (or portions of courses) of similar length or course profile and/or in similar environmental conditions to this event;
- Athlete power data
- Consistency of results
- Race results
- Aerodynamic drag data
- Event and/or specific role demands
- Times (overall and splits) relevant to the event in consideration
- Event and/or specific role demands
- Average speed
- UCI Individual Rankings
- Race specific proficiency (tactics, skills, acumen)
- Fitness/form/training stress-balance/athlete readiness
- One instance of top 30% of finishers at a European Junior Series race
- Multiple top 3 performances at USA Junior Series races

For choosing between two or more athletes under the same criterion (in no particular order):

- Head to head competition results
- Race results
- Sport Performance staff's assessment of an athlete's ability to meet the performance demands of the event
- Sport Performance staff's assessment of an athlete's ability to meet the performance demands required to execute USA Cycling's strategy or race plan

## **OTHER CONSIDERATIONS FOR PARTICIPATION ON THE TEAM**

1. Athletes who are eligible for selection to the Team will be contacted by USA Cycling by phone and/or email the week of **July 27<sup>th</sup>** of their (non)selection. Selected athletes must commit to a position on the Team within 72 hours from notification by USA Cycling or they may forfeit their place on the Team.
2. If an athlete declines a spot on the Team (or fails to commit as per #1 above), that spot will then be filled in accordance with the procedures described above. An athlete declining a position must submit their declination in writing.

**Alternates:** An athlete who is withdrawn from the Team due to illness, injury or any other reason may be replaced in accordance with the Team procedures described above or by a previously nominated Alternate.

3. Athletes named to the Team are required to maintain fitness and prepare properly for the event's travel and competition. An athlete is required to report any situation that may affect the athlete's ability to travel and compete to their Discipline Director in a timely fashion.
4. **Alteration:** USA Cycling reserves the right, based on consultation with the UCI, the USOPC, and the State Department, to alter the conditions of travel for this Team trip if conditions in the host country warrant.
5. **Anti-Doping Requirements:** Athletes must adhere to all IOC, WADA, UCI, ITA, USADA, USA Cycling and USOPC anti-doping protocols, policies, and procedures, as applicable. This includes participation in Out-of-Competition Testing as required by the IOC, WADA, UCI, ITA, USADA, USA Cycling and USOPC Rules, as applicable.
6. An athlete may be removed from the Team for an adjudicated violation of IOC, WADA, UCI, ITA, USADA, USA Cycling, and/or USOPC anti-doping protocol, policies, and procedures, as well as the U.S. Center for SafeSport Code, the USOPC Athlete Safety Policy, and USA Cycling's Safe Sport Program, as applicable.
7. An athlete may be removed from the Team for an injury or illness. A physician (or medical staff) approved by USA Cycling provides certification that the athlete has a debilitating condition. If the athlete refuses to provide verification of their illness or injury by a physician (or medical staff), their injury will be assumed to be debilitating, and they will be removed from the Team.
8. In addition to Eligibility Criteria outlined above, each athlete 18 years of age or older must complete and pass USA Cycling's background screen and SafeSport training program. All athletes under 18 years of age must complete SafeSport for Youth training and USA Cycling's onboarding. Athletes in both age categories must sign the National Team Program Agreement.

**Level 2:** Athletes will be responsible for paying a service fee of \$1000.00 by the date outlined in this document (“Fee”). This Fee includes: competition and casual clothing, lodging/food, ground transportation at event location, all mechanical/race support, and travel insurance throughout the duration of the event with USA Cycling. Athletes will also be provided with casual clothing that is required to be worn at official Team functions and while participating in activities as a Team member.

All competition and casual clothing worn must be the **current edition issued by USA Cycling**, accurately representing current sponsors and partners. **Clothing from previous years or editions is not permitted** under any circumstances.

Failure to comply with Team clothing requirements may result in disciplinary action, up to and including removal from the Team.
