SPORT CLASSES

Paracyclists are classified into different impairments groups with 1 being most impaired, and 5 being least impaired.

- CYCLING (1-5): A standard two wheeled bicycle.
- TANDEM (B1-3): For athletes with a vision impairment. The pilot (sighted rider) will always be on the front, with the stoker (visually impaired rider) on the back.
- HANDCYCLE (H1-5): Either in the recumbent or kneeling/sitting position.
- TRICYCLE (T1-2): For athletes who are unable to bicycle due to a lack of balance (like from TBI's) and/or coordination impairments.
