

PARACYCLING ROAD NATIONAL CHAMPIONSHIPS

BENTONVILLE, AR

Communique 1

General Information from the Commissaires

SCHEDULE: There have been major revisions to the Time Trial and Road Schedules. In particular, the Time Trial starts have been posted as of midnight, April 10. Our apologies for the late timing due to extenuating circumstances. See **USACYCLING.ORG** for all the latest updates. **CHECK THE UPDATED START TIMES ONLINE**

RESULTS & START LISTS: <https://my.raceresult.com>

LAP COUNTS: Riders and managers are responsible to know how many laps a rider is to do.

EQUIPMENT: Equipment and athletes must be present at least 10 minutes before their Time Trial start. UCI equipment and adaptation rules are in effect. Time trial helmets are not permitted in the road race. Helmet colors must be respected for the road race.

NEUTRAL SERVICE: The neutral mechanic pit is in the round-about for both the ITT and Road Race. Personal equipment may be left in the pit during the athlete's race.

NUMBER PLACEMENT: All bib numbers, frame plates, and transponders issued are to be used for both races.

Bib numbers are to be placed with the bottom of the number along the side seam of the jersey (C) or pant leg:

- Time Trial: LEFT side / upper thigh.
- Road Race: RIGHT side / upper thigh and back

Frame numbers are to be placed:

- B, C and T-Classes under the seat in the rear triangle
- H-Classes: On the upper part of the back rest, if possible. Otherwise on the safety bar, secured so it will not flap up in the wind

Transponders:

- B, C, and T Classes: LEFT side front fork near the hub
- H Classes: on the bridge in front of the cycle (no bridge: left side fork near the front hub)

The Panel of Commissaires
