

Race Communiqué #1 **07 MAY 2026**

Commissaires' Contact Information:

Chief Referee – Marcie Weiss: MarcellaWeiss@icloud.com

Chief Judge – Lynn Taylor: 2021lynnt@gmail.com

Team Time Trial Notes

Article 17 in Technical Guide will be enforced without exception.

Equipment: Bicycles used in all collegiate road events, criteriums, time trials, road races, etc., must be mass-start bicycles as defined in 1I1(h) of the USAC regulations and further defined in 6F1 and 6F2. Wheels for these bicycles must have at least 16 spokes and no wheel covers may be used. No handlebar extensions or forms of bars offering forearm support, including additional pads, are allowed 1I1(d).

There will not be service vehicles allowed on course during the TTT.

There will be holders for the TTT. Due to the narrow road, each team will start with two riders in front and two riders staggered behind. Please select which riders will start in which row prior to staging.

Riders will complete 2 laps of the TTT course and must ride around the barrels at both turnarounds.

Parking: Team Parking opens at 7:30 AM

Overtaking Near U-Turns : When one team is approaching another, if any overlap between the two teams has been made by the time the team being overtaken reaches 25m to the u-turn, the leading team must yield. The penalty for not yielding is 10 Team Points per infraction, per USAC regulations 8B3D and 6A1.

Road Obstructions: Any road obstructions during the TTT will be considered race incidents.

Friday – Team Time Trial

FRAME NUMBER NOT REQUIRED

Race Communiqué #1
07 MAY 2026

Omnium Notes

- Individual omnium will be scored with results from the RR and criterium, including points earned in criterium points sprints.
- Team omnium will be scored with results from the TTT, RR, and criterium, including points earned in criterium points sprints.
- Best Overall Women's Team & Best Overall Men's Team will be scored with results from the TTT, RR, and criterium, including points earned in criterium points sprints.
