Extreme Heat Protocol – Time Trial

Given the weather forecast for the Time Trial Stage on Monday, June 29, 2026 we will permit the use of ice socks during competition. However, ice socks will need to be placed on a riders back during the event and cannot be placed in any other area which the Commissaires deem will create an aerodynamic advantage including down the front of a racing kit.

Time Trial - Equipment

This national championship is being conducted under the rules of USA Cycling and is not subject to UCI Regulations. As such, the applicable regulations pertaining to the bicycle are contained within Chapter 1 of the USA Cycling Rulebook under 1.I Bicycles. Bento Boxes related items that serve as a fairing should be removed prior to the start of the time trail. Neutral service will be onsite at the time trail and can assist with these changes.

Neutral Support Equipment

Neutral support will have the following offerings available for the time trail and road races as this National Championship:

- Front wheels with 160mm rotors
- Rear wheels (12 speed) with 140mm rotors
- Tire width is 30c

If any riders are utilizing alternative equipment, please contact Event Support Professionals via the information listed in the tech guide or stop by their tent at the race venue.

Number Placement – Time Trial

For the Time Trail riders are only required to use one number in the center of the back. Number pockets are acceptable provided the number is clearly visible and readable.
